TOKIO INKARAMI

Effects of INKARAMI

The world's first professional hair treatment to replenish lost keratins and interlocks them using the patented technology "INKARAMI", and finally seals up the cuticle by replenishing the lost CMC. INKARAMI's objective is to restore damaged hair back to the original healthy hair, allowing hair to regain strength, silkiness, shine and moisture!

- 1. No. 1 Repairing Power:** results in restoration of hair's strength up to 140%
- 2. No. 1 Enduring Strength:** bonded macromolecular keratins will guard against protein loss, resulting in lasting effects
- 3. Most Wanted Shine:** restoration of healthy hair will provide the natural radiance of beautiful virgin hair
- 4. Lightness and Softness Feel:** expect a total difference from the conventional heavy "silicone treatments"
- 5. Amazing change in hair quality:** thanks to the Nobel Prize Winning Ingredient FULLERENE, world's strongest anti-oxidant.

Who needs INKARAMI?

- ☐ Tangled Hair
- ☐ Permed Hair
- ☐ Bleached / Coloured Hair
- ☐ Flat Iron / Blow-Drying users
- ☐ Over-Brushing / Brush hair while wet
- ☐ Over-Shampooing / Used wrong shampoos
- ☐ Dehydrated hair
- ☐ Unruly hair, difficult to manage hair
- ☐ Extensions and Weaves
- ☐ Environmentally effects like UV damage, swimming etc

Tokio Inkarami Treatment

(45 Mins excluding wash and blow time)

Tokio Inkarami Hair Treatment

Fullerene Patented Technology that repairs hair up to 140% leaving hair soft and light, without the silicone coating feel

Step 1: Tokio O

Brings large a lot of moisture to the hair and enhances treatment penetration

Step 2: Tokio 1

Supplies Natural Amino and Lipid Acid to the hair to improve strength of the hair

Step 3: Tokio 2

Build up hair core by repairing and restoring hair with Keratin Amino Acid

Step 4: Tokio 3

Completes Inkarami process by replenishing 4 types of keratin to repair damaged hair and achieve amazing shine and smoothness to the hair

Step 5: Tokio 4

Replenishing Oil to the hair and rebuild hair most outer layer

Price : \$185(S) \$210(M) \$230(L)

Smoothing Anti-Frizz Hair Treatment

Brazilian Blowout

Pros

- Eliminate frizz for up to **2-3 months.**
- Softness and smoothness on the hair.
- Formaldehyde Free
- Natural Looking

Cons

- If hair is very frizzy or natural curls are very strong, might not be as lasting as a keratin

Tiboli Keratin

Pros

- Eliminate frizz for up to **4-5 months.**
- Best Anti-Frizz Effect for a non-chemical service.
- Suitable for very frizzy hair
- Can relax the hair

Cons

- Hair might be difficult to perm after this treatment
- Can be more costly than other treatments
